

## Reach Higher, Classes of 2012 and 2013!

Middle schoolers: Come with us March 26 to check out two of the other fine colleges in Madison: MATC and Edgewood. You're especially invited if you haven't attended one of our events before!

Our next student meeting is Thursday, January 10

3:15 – 4:15

Middle School Library  
(before the girls basketball game)  
Lots of snacks included

At this meeting, the middle schoolers will decide which areas they would like to get some hands-on experience at our spring visit to MATC. Examples include emergency services, health professions, biotechnology, machine tooling and more!

Reach Higher 2012 is a parent-organized group that helps prepare our children for education after high school. Together we learn about post-high school options with our middle schoolers' interests and needs in mind, so they feel more confident as they graduate from MHS.
